Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Thursday 04 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold and mostly dry today. Rain in the northwest later.

Today:
Much of Scotland will have a dry, cold and bright day. Clouding over in the northwest this afternoon, a little rain in the northwest later. Brisk winds along the east coast easing this morning.

Tonight:
Clouding over across the north this evening with some rain developing across the northwest. Dry across the south, cold this evening before clouding over in the early hours.

Friday:
Mainly cloudy and mostly dry, some rain at times in the northwest, persistent over high ground. Some brightness developing in the east. Becoming somewhat milder.

Outlook for Saturday to Monday:
Windy on Saturday with rain spreading east, drying up later. Windy on Sunday, some rain at first in the north and west. Dry for most of Monday.
